

FACTORY SHOW

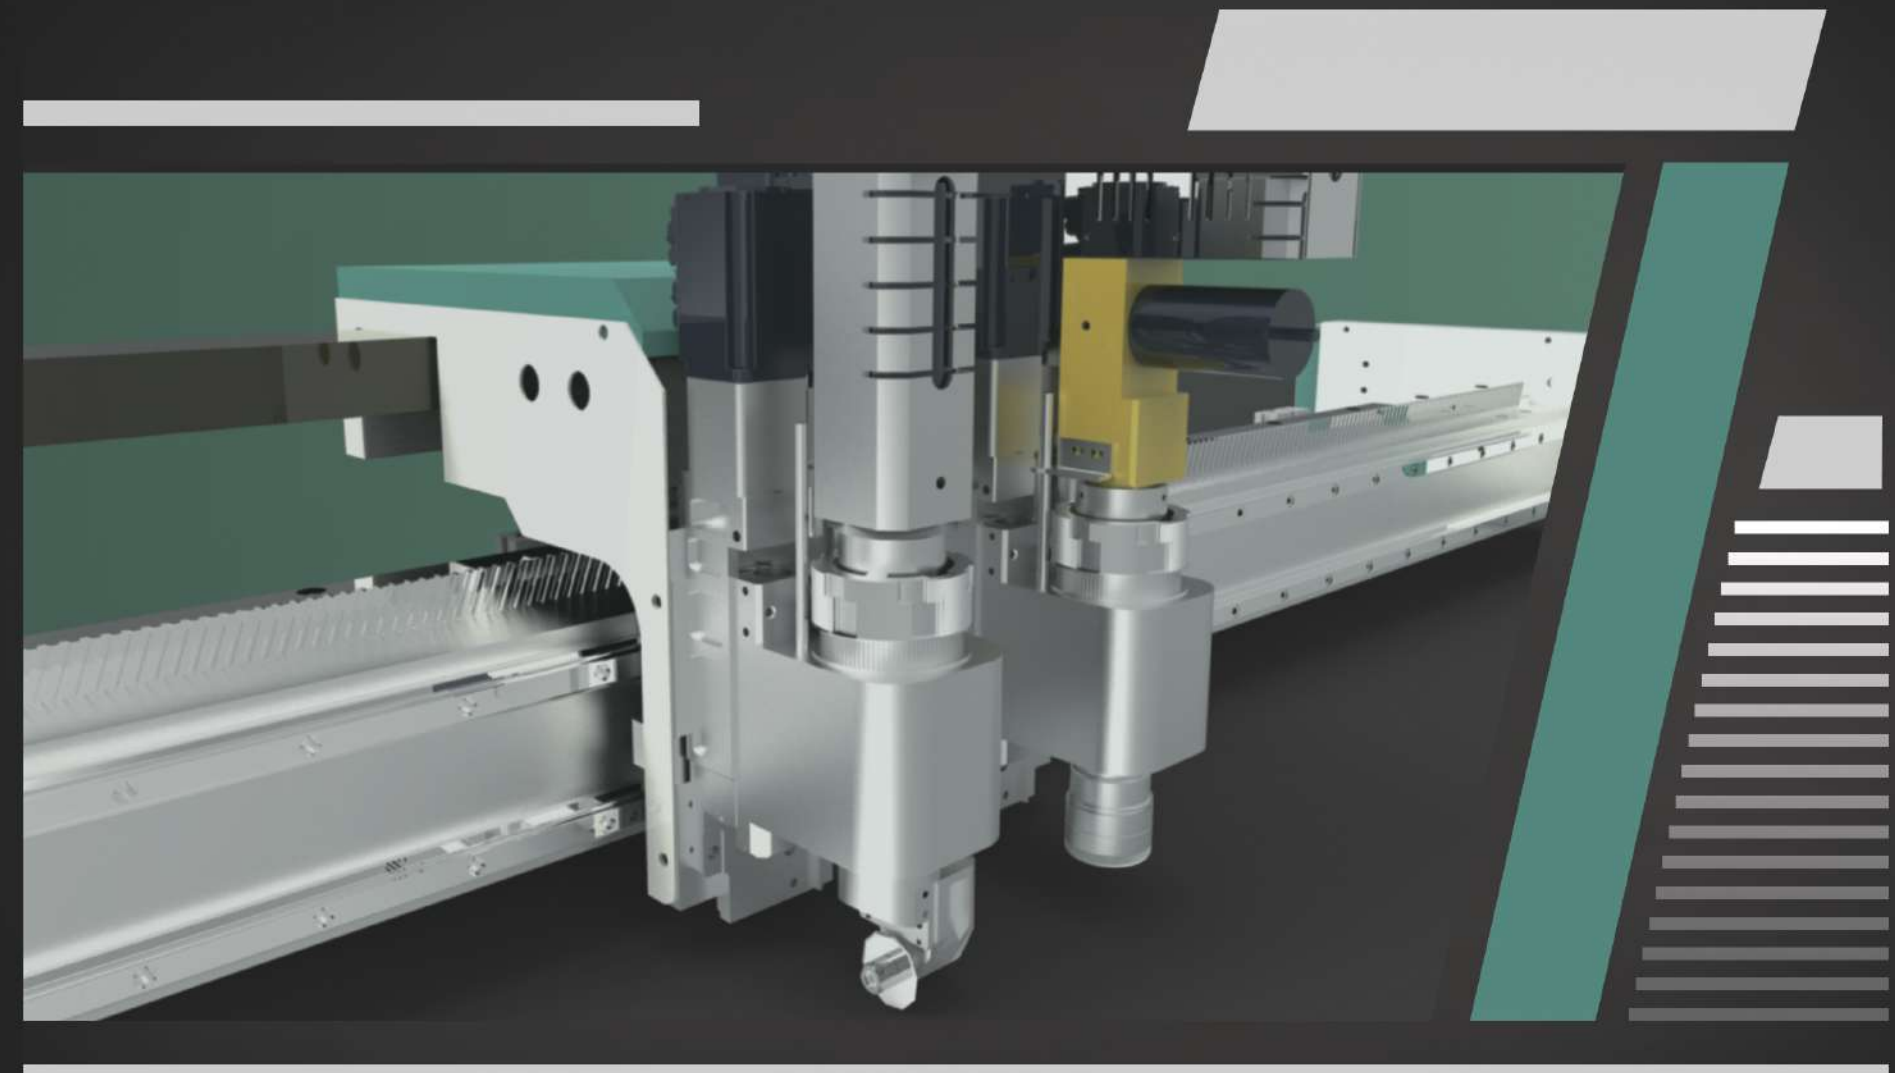

CUSTOMER SHOW

AOL CNC is a high-tech enterprise which specializes in research&development, production, sales, service of the cnc cutting machine. We have a group of top talent who have the rich experience in the development and application, and professional in research & development of the cnc cutting machine. Relying on the advanced technology, keeping up with the trend of intelligent industrial development in the world. AOL products are in all over the country and overseas markets. Our main products include intelligent digital cutting machine and flexible material intelligent cutting machine, Cloth and leather cutting machine, high-tech composite cutting machine. It is widely used in clothing, car interior, cloth sofa, carpet mat, shoes, textile, advertising, packaging, metal and other industries.

Devotes In Creating a Global Leading Brand Of Intelligent Cutting

Focus on Flexible Non-metallic gasket Cutting

No. 901, Aolsheng Building 1, Xinluo Street, Lixia Distract, Jinan City, Shandong Province, China.  
 Factory address: No. 1777, Chunhui Road, Licheng Distract, Jinan City, Shandong Province, China.

# GASKET CUTTING MACHINE

**NO.01**  
Import the data directly then cut.

**NO.02**  
Super automatic nesting software, saving material

**NO.03**  
High cutting precision

**NO.04**  
Infrared sensing system to prevent unsafe factors.

**NO.06**  
Suitable for continuous work with long hours.

**NO.05**  
Environmental protection, cutting without pollution.

Graphite Board

Seal Industry Gasket

Rubber Board

PTFE

## 技术参数/Technical Parameters

切割机型号/Model	AOL-1625Z AOL-1825Z AOL-2125Z	总功率/Total Power	11KW
切割速度/Cutting Speed	0-1000mm/s	切割厚度/Cutting Thickness	≤50mm
多功能刀具/Multi-Function tools	振动刀、气动刀、铣刀、视觉软件、激光投影 Vibration Knife Tool, Pneumatic Oscillating Tool, Milling Cutter Tool, Visual Software, Laser Projection		
加工面积/Processing Area	1600x2500mm 1800x2500mm 2100x2500mm		
适用材料/Applied material	非金属垫片材料: 非石棉片, 石棉橡胶片, 石墨复合板, 橡胶, 聚四氟乙烯, 耐油纤维纸垫片和气缸垫片等 Non-metallic gasket materials: Non-asbestos sheet, asbestos rubber sheet, graphite composite board, rubber, PTFE, oil-resistant fiber paper gaskets and cylinder gaskets, etc
